(Police officer/Driver)

P: Good morning. Sergeant Jarosław Nowak from Traffic Police Department of Metropolitan Police Headquarters. Could you prepare your documents for the traffic control, please?

D: But what has happened? Why have you stopped me?

P: Your left passing light doesn't work.

D: Maybe the bulb is out of order. Here is my driving licence, registration certificate and insurance policy.

P: Have you drunk any alcohol today?

D: No, I haven't drunk anything.

P: Anyway, let me check it by alcotest 7410. Could you unpack the mouthpiece, put it into this place and blow for about three or four seconds.

P: Once again, please. Unfortunately, the test shows that you have consumed alcohol. The alcohol level in exhaled air is 0.13mg/dm^3 . We will repeat the test in fifteen minutes.

P: The second test has shown 0.14mg/dm^3 of alcohol. I will retain your driving licence and fill an application for penalty with Petty Offence Department of District Court. Your vehicle will be towed away to a guarded car park.
